**NET WT. 14 OZ. (396 GRAMS)**

**DRY MIST** represents yet another evolution in room deodorizers. This breakthrough formulation contains all of the performance one might expect from a dry-type air freshener - but with a twist. Excellent bloom and suspension time, ultra fine particles, no fall out, and no residues for use in textile applications are just some of the attributes. What is truly remarkable **DRY MIST** is that it achieves the incredibly dry spray without using ozone depleters.

A remarkable spray is not the only exciting thing about **DRY MIST**. Included is a premium fragrance made from nature's best botanical fragrance oils to ensure superior olfactory notes and tones. A fantastic fragrance is not the only premium feature you will find. Also included is not one, but two odor counteractants for maximum deodorizing power. The dual system quickly neutralizes malodors with industrial and institutional strength even on smoke, decay, urine, feces, solvent, vomit, cooking, animal and more.

Also featured is a new light-touch actuator for effortless pinpoint spray control. When used as directed, this advanced formula will effectively freshen without staining or leaving a residue. Although versatile enough to use virtually anywhere, suggested uses include freshening rooms, fabric, drapes, bedspreads, carpet, auto interiors and air conditioners, closets, lockers, chests, shoes, luggage, showers, and garbage receptacles in hotel rooms, restaurants, hospitals, apartments, schools, nurseries, fitness centers, animal clinics and nursing homes.

**DIRECTIONS**

**General:** No shaking necessary. Press firmly on spray button. Keep spray opening at least 12 inches from surfaces.

**To freshen the air:** Aim spray toward ceiling and corners of room or other area to be treated. The atomized mist will quickly travel throughout the area.

**To freshen fabrics and other items:** Spray lightly on fabric, item or surface. For delicate fabrics, or where direct spraying is not desirable, freshen by spraying another item or piece of scrap fabric that will be stored there.

**CAS Numbers:** Acetone (CAS # 67-61-1), Propane (CAS# 74-98-6)  
Fragrance Mixture (CAS# N/A).

**CAUTION**

Contents under pressure. Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 120°F.

**FIRST AID**

**IF IN EYES:** Flush with water for 15 minutes. If irritated, seek medical attention.

**IF ON SKIN:** Wash with soap and water. If irritated, seek medical attention.

**IF INHALED:** Remove to fresh air. Resuscitate if necessary. Get medical attention.

**IF SWALLOWED:** Do not induce vomiting. Drink two large glasses of water. Get immediate medical attention.
