

**RRP CONCENTRATE** is a blend of inorganic acids, wetting agents, detergents and water softeners specifically designed for the rapid removal of rust, while providing phosphatized ferrous metal surface. The detergent action helps to remove grease and oils, which may have accumulated on the metal surface. Phosphatizing offers a very conductive surface for metals, which are to be painted following the removal of rust.

#### DIRECTIONS

**For Rust Removal:** Dilute concentrate with water at a rate of 1 part concentrate to up to 3 parts water. Solution may be applied by soaking, brushing, or spraying onto surfaces. Treatment time will vary depending upon the extent of the rust to be removed. Usually the process maybe accomplished within 30 minutes, but solution may remain on surface for longer periods if required. Often it may be necessary to make a second application if rusting is extensive. Do not rinse.

**As a phosphatizing and rust preventative treatment:** Dilute concentrate with water at a rate of 1 part concentrate to up to 30 parts water. Apply to surface by spray, brushing, or soaking. Allow solution to air dry, do not rinse.

**NOTE:** This product will etch glass or porcelain surfaces. If contact occurs, rinse with water immediately.

**CAS Numbers:** Contains water (7732-18-5), phosphoric acid (7664-38-2), butoxyethanol (111-76-2), and ammonium bifluoride (1341-49-7).

#### CAUTION

Avoid contact with eyes, skin or clothing. Wear safety glasses or face shield, PVC gloves, and long sleeved clothing when handling. Rinse empty container with water before discarding.

#### FIRST AID

**IF IN EYES:** Flush with water for at least 30 minutes. Get immediate medical attention.

**IF ON SKIN:** Flush with cold water for at least 15 minutes. Use alkaline soap. If irritation persists get medical attention. Discard contaminated clothing.

**IF SWALLOWED:** Do not induce vomiting. Give large quantities of water. Call a physician immediately.

**IF INHALED:** Remove to fresh air. If breathing is difficult, give oxygen. Call a physician.
