

**WET DOWN** is a concentrated, biodegradable, synthetic detergent wetting agent and penetrant. This product is formulated to make water wetter for faster, deeper penetration by reducing surface tension. **WET DOWN** can be used for

- Dust Control of Coal and Nuisance Dust
- As a Soil Conditioner
- Concrete Mixing Additive for More Uniformity
- Fire Fighting Aid.

In the mining industry, **WET DOWN** can be used to control coal and nuisance dusts. As a fire fighting aid, **WET DOWN** may be used to extinguish Class A and Class B fires. In agricultural applications, this product can be used as a pre-treatment to condition soil for better, faster penetration of fertilizers and herbicides. In the construction industry, this product can be used as a dust control agent or to assist in mixing concrete.

**WET DOWN** acts to eliminate dry spots or puddles in turf grasses, sports fields, parks and recreation areas.

#### DIRECTIONS

**Coal and Nuisance Dust Control:** Dilute **WET DOWN** with water at a 1:1,000 ratio. Use the solution to spray over an area for dust compaction. The dilution can be made stronger to control dust for longer activities.

**Soil Conditioner:** Dilute **WET DOWN** with water at a ratio of 1:1,000 parts water. Apply with a pressure sprayer and allow to penetrate.

**Fire Fighting Aid:** Depending on the type of equipment available, dilute **WET DOWN** with water at a 1:1,500 ratio to reduce surface tension and promote faster wetting action.

CAS Numbers: Contains nonionic surfactant (68987-81-5), sodium xylene sulfonate (1300-72-7), and water (7732-18-5).

**GENERAL MAINTENANCE PRODUCTS**

**WET DOWN**  
**DUST CONTROL AGENT**  
**and PENETRANT**

- Reduces Coal and Nuisance Dusts
- Nonflammable Formula
- Highly Concentrated
- Makes Water Wetter

**CAUTION:** Do not take internally. See side panel for additional precautionary information.

**KEEP OUT OF REACH OF CHILDREN**

NET CONTENTS: 55 GAL(S)

#### CAUTION

Do not take internally. Keep container sealed when not in use. Avoid storage where product may freeze. Rinse empty container before discarding in an authorized landfill site.

#### FIRST AID

**IF IN EYES:** Flush eyes with clear, cool water for 15 minutes. Contact a physician if irritation persists.

**IF ON SKIN:** Flush affected area with cool water. Contact a physician if irritation persists.

**IF INHALED:** Remove to fresh air. Contact a physician if irritation persists.

**IF SWALLOWED:** Contact a physician if irritation develops.
