

OPENING DIRECTIONS: ALWAYS WEAR RUBBER GLOVES WHILE HANDLING THIS PRODUCT. Open plastic bag and carefully remove bottle. Keep bottle on stable, flat surface and hold by handle. Do not squeeze sides, it may cause eruption of liquid. Remove cap by pressing down and unscrewing and carefully remove seal. Always replace cap after use. Rinse gloves well before removing. If liquid comes in contact with your skin, rinse thoroughly with cold water at once. See First Aid instructions below.

CONTAINS CONCENTRATED SULFURIC ACID

- Avoid contact with skin, eyes, or clothing
- Use with adequate ventilation
- May cause eruption of hot acid when poured into drain
- Do not stand over or look into the drain while using this product
- Protect face (especially eyes) and other portions of body when using
- After pouring acid into drain, immediately place inverted dish pan, bucket or other deep container over drain opening to protect against possible eruption of drain contents and acid
- **Do not mix with other chemicals**
- **Do not use where other drain cleaners are present**
- Never add water to acid while in container because of violent reaction
- When container is completely empty, rinse with water before discarding to prevent accidental burns. **Store bottle in a locked area on a shelf that is low to the ground.**

CAUTION: Contains Sulfuric Acid
Causes Severe Burns
Harmful or Fatal if Swallowed
Read All Directions and Warnings Before Use
FOLLOW ALL DIRECTIONS EXACTLY!
KEEP OUT OF REACH OF CHILDREN
NET CONTENTS: 32 FL OZ (S)

DIRECTIONS

READ ALL DIRECTIONS AND WARNINGS BEFORE USE. FOLLOW ALL DIRECTIONS EXACTLY. DO NOT use drain opener in or on aluminum, chrome, stainless steel, fiberglass, lead pipes or non-acid resistant enamel. Clean up spills or drips immediately. Always close connecting drains when using drain opener. Avoid backups. Do not use plunger. Place a bucket or other large, deep container under drain before use. This product is inhibited against attacking most metals. Old piping systems may be porous and have defects that are sealed with accumulated organic matter. This product may expose these defects by attacking organic matter, as intended, and cause leaks.

REMOVE standing water and temper fixture with hot water before applying drain opener. Incorrect use may crack toilet. After tempering, slowly pour small quantity directly into drain opening. Do not inhale fumes. If no "bubbling" occurs add balance of dosage

DOSAGES • small drains, traps, waste lines, toilets and urinals: ½ pint • 3 to 4 inch lines: 1 quart • 6 to 8 inch lines: ½ gallon (allow additional standing time). After 15 minutes standing time, slowly add 1 quart of cold water into drain opening and wait another 5 minutes. If line is clear, flush thoroughly with more cold water. Do not allow water to splash. Recommended dosage will open most lines, but if blockage persists repeat dosage. Used as directed, drain opener will not harm drainage systems.

DO NOT USE DRAIN OPENER FOR PURPOSES OTHER THAN THOSE PRESCRIBED IN THESE DIRECTIONS
